From Lesa, Jack the Jack Russel's Mom

"Hi Ileana, since you know many Boxer fanciers, I thought you might want to pass this along. The dogs are in Florida, on the east coast.

These two pups are in a desperate situation. They must immediately be rehomed. They have lived together since they were a couple of months old and are best friends. Their human parents have lost their home and must move in with family members. They can't bring Rocky and Diesel with them.

Rocky, the Boxer is very sweet - good with kids and people - good with most dogs just not dominant ones - don't know about cats - neutered, up to date on all shots.. preferably to be placed with his long time companion.

Diesel is the 4 year old pointer mix - very sweet, submissive, lives with other males, neutered.. obedience trained,

Thanks,
Edel Miedes
